PROJECTS

ServiceNow IT Help Desk System (ITSM) | PDI · GlideRecord · Flow Designer · REST · Update Sets

- Built full enterprise ITSM platform on PDI covering Incident, Request, Knowledge, SLA, Service Catalog, ACLs, Email Notifications, CMDB Import Sets, and Analytics dashboards.
- Authored Business Rules, Script Includes, UI Policies, Flow Designer workflows, and SLA definitions (P1=1hr, P2=4hr) with breach notifications; migrated configs via Update Sets.

ServiceNow REST Integration — API Connector | REST Message · JSON Parsing · Business Rules · Script Includes

- Built outbound REST integration to mock third-party API with auth headers, JSON response parsing, HTTP error handling with retry logic, and audit logging in a custom table.

ServiceNow Change Management & Approval Workflow | Change Mgmt · Flow Designer · Approval Engine · ACLs

- Configured Normal/Standard/Emergency change types with Flow Designer CAB approvals, state-based UI Policies, risk-score Business Rules, role-based ACLs, and SLA notifications.

KrishiSetu — Digital Agriculture Marketplace | Django · React · MySQL · JWT · Redis · REST

- Full-stack marketplace with 4 role-based dashboards, 40+ Postman test cases, Redis caching (60% latency reduction), and Service Catalog-style order workflow — maps directly to ServiceNow architecture.

WORK EXPERIENCE

Software Intern — Planotech Pvt. Ltd., Bengaluru | Sep 2025 – Dec 2025

- Developed and improved REST APIs in Python/Django within an Agile team; participated in sprints, code reviews, and cross-functional requirement gathering.
